

Joshua W. Brown, Ph.D.

Curriculum Vitae

Professor
Department of Psychological and Brain Sciences
1101 E. Tenth St., Bloomington, IN 47405, USA
jwmbrown@indiana.edu
<http://cclab.psych.indiana.edu/>

+1 812 855-9282 (W)
+1 812 855-4691 (FAX)

PROFESSIONAL EXPERIENCE

May 2020 – present: Director, Program in Neuroscience, Indiana University, Bloomington

July 2017 – present: Professor of Psychology, Indiana University, Bloomington
Affiliated faculty, Program in Neuroscience
Affiliated faculty, Program in Cognitive Science

July 2012 – June 2017: Associate Professor of Psychology, Indiana University, Bloomington

Dec. 2012 – July 2013: Visiting Scholar, Oxford University, United Kingdom

Aug. 2006 – June 2012: Assistant Professor of Psychology, Indiana University, Bloomington

March 2005 – July 2006: Research Scientist, Dept. of Psychology, Washington University in St. Louis

Sept. 2001-March 2005: Postdoctoral Fellow, Dept. of Psychology, Washington University in St. Louis

Sept. 2000 – Aug. 2001: Postdoctoral Fellow, Dept. of Psychology, Vanderbilt University

Aug. 1996 – Aug. 2001: Research Assistant, Dept. of Cognitive & Neural Systems, Boston University

EDUCATION

2001-2005 Postdoctoral fellowship in combined human fMRI and computational neural modeling

2000-2001 Postdoctoral fellowship in awake behaving monkey neurophysiology

1996-2000 Ph.D. Cognitive & Neural Systems, Boston University

1990-1996 B.S. Mechanical Engineering *summa cum laude*, Revelle College, University of California, San Diego

1994-1995 Rotary Foundation Ambassadorial Fellowship, Edinburgh, Scotland

33. Wong J, Owen J, Gabana N, **Brown JW**, McClinnis S, Toth P, Gilman L (2016) Does Gratitude Writing Improve the Mental Health of Psychotherapy Clients? Symposium presentation at APA annual convention, Aug. 4-7, 2016, Denver, CO.
34. Macy JT, Chassin L, Presson C, **Brown JW** (2016) Effects of Exposure to Graphic Warning Labels with Different Message Framing and with and without a Self-Efficacy Message. Poster presented at Society for Research on Nicotine and Tobacco annual meeting, Chicago, March 2016.
35. **Brown JW**, Kini P, McClinnis S, Gabana N, Wong J (2015) The effects of gratitude expression on neural activity and plasticity. Oct. 21, 2015. Chicago, IL. Poster at Society for Neuroscience 721.02.
36. **Brown JW** (2015) How can models of the prefrontal cortex be tested? Invited talk at conference on computational properties of the prefrontal cortex. May 17, 2015. Washington, DC
37. **Brown JW** (2015) Computational models of interactions between lateral and medial prefrontal cortex. Invited talk at conference on computational properties of the prefrontal cortex. May 15, 2015. Washington, DC
38. Jahn A, Strait C, **Brown JW**, Hayden B (2014) Testing computational models of anterior cingulate cortex with monkey single units. Washington DC. Poster at Society for Neuroscience 462.06.
39. Jahn A, Nee D, Alexander WH, **Brown JW** (2014) Medial prefrontal cortex signals prediction errors across multiple domains of pain and cognitive control. Washington DC. Poster at Society for Neuroscience 838.05.
40. **Brown JW** (2014) Computational psychiatry and models of higher cognitive function. Invited talk at Indianapolis Society for Neuroscience meeting, IUPUI campus, Oct. 10, 2014.
41. **Brown JW** (2014) Computational Psychiatry: where higher cognitive function intersects with computational neuroscience, neuroimaging, and clinical science. Invited talk at Alumni Weekend, Dept. of Psychological & Brain Sciences, Indiana University. Oct. 17, 2014.
42. **Brown JW** (2014) Cognitive control as a process of prediction and evaluation. Symposium talk at Federation of European Neuroscience Societies (FENS) conference 2014, Milan, Italy. July 6, 2014.
43. Alexander W, **Brown JW** (2014) A computational model of dorsolateral prefrontal cortex. Poster at Cognitive Neuroscience Society, Boston, MA.

44. Jahn A, Nee D, Alexander W, **Brown JW** (2013) Distinct regions of anterior cingulate cortex signal prediction and outcome evaluation. San Diego, CA. Poster at Society for Neuroscience 481.17.
45. **Brown JW**, Fukunaga R (2013) Discriminating formal representations of risk in anterior cingulate cortex and anterior insula. San Diego, CA. Poster at Society for Neuroscience 664.07.
46. Alexander W, **Brown JW** (2013) A general role for anterior cingulate cortex in predicting task-related events. Poster at Cognitive Neuroscience Society meeting, San Francisco, CA.
47. **Brown JW** (2013) Prediction, evaluation, and risk avoidance signals in the medial prefrontal cortex. Invited talk at Neural Circuits for Adaptive Control of Behavior conference, L'Institut du Cerveau et de la Moelle Épineuse, Paris, France. Sept. 24, 2013.
48. **Brown JW** (2013) Cognitive control as a process of prediction and evaluation. Invited talk at Dept. of Speech and Hearing Science, Indiana University. Sept. 20, 2013.
49. **Brown JW** (2013) Cognitive control as a process of prediction and evaluation. Invited talk at Donders Institute for Brain, Cognition, and Behavior, Radboud University, Nijmegen, Netherlands. June 24, 2013.
50. **Brown JW** (2013) Performance monitoring and hierarchical representation. Invited talk at DeepMind Inc., London, UK. June 7, 2013.
51. **Brown JW** (2013) Cognitive control as a process of prediction, evaluation, and risk avoidance. Invited talk at Centre Interfacultaire en Sciences Affectives, University of Geneva, Switzerland. May 16, 2013.
52. **Brown JW** (2013) Neural mechanisms of risk evaluation in healthy and substance-dependent individuals. Invited talk at Centre Hospitalier Universitaire Vaudois, Lausanne, Switzerland. May 15, 2013.
53. **Brown JW** (2013) Cognitive control as a process of prediction and evaluation. Invited talk at École Polytechnique Fédérale de Lausanne, Switzerland. May 15, 2013.
54. **Brown JW** (2013) Cognitive control as a process of prediction, evaluation, and risk avoidance. Invited talk at Univ. Zurich, Dept. of Neuroeconomics, Switzerland. May 14, 2013.
55. **Brown JW** (2013) Beyond composite valuation: distinct neural mechanisms of reward and risk learning in decision-making. Invited talk at University College, London. May 10, 2013.
56. **Brown JW** (2013) Cognitive control as a process of prediction and evaluation. Invited talk at Saarbruecken University, Germany. March 6, 2013.
57. **Brown JW** (2013) Cognitive control as a process of prediction and evaluation. Invited talk at INSERM, Lyon, France. March 4, 2013.
58. **Brown JW** (2013) Cognitive control as a process of prediction and evaluation. Invited talk at University of Amsterdam, Netherlands. Feb. 28, 2013.
59. **Brown JW** (2013) Cognitive control as a process of prediction and evaluation. Invited talk at Birkbeck College London, UK. Jan. 30, 2013.
60. **Brown JW** (2013) Cognitive control as a process of prediction and evaluation. Invited talk at Durham University, UK. Jan. 25, 2013.
61. **Brown JW** (2013) Cognitive control as a process of prediction and evaluation. Invited talk at Oxford University, UK. Jan. 22, 2013.
62. **Brown JW** (2012) Computational cognitive neuroscience modeling and fMRI of cognitive control. Invited talk at Purdue University, Sept. 5, 2012.
63. **Brown JW** (2012) Towards a unifying model of anterior cingulate cortex. Invited talk at Conflicts as Signals conference, Berlin, Germany. June 1, 2012.
64. Forster S, Finn P, **Brown JW** (2012) Neural predictors and indicators of successful early recovery in substance dependent individuals. *Soc. Neurosci. Abstracts*. Poster presented at the Society for Neuroscience Oct. 14, 2012.
65. **Brown JW** (2011) Think before you act: Cognitive control and risky decision-making. Invited talk at University of Texas, Austin, Dec. 5, 2011

66. Nee DE, **Brown JW** (2011) Dissociable frontal-striatal and frontal-parietal networks involved in updating goals and sub-goals in working memory. Program No. 829.19. 2011 Neuroscience Meeting Planner. Washington, DC: Society for Neuroscience. Online.
67. Jahn A, Nee DE, **Brown JW** (2011) The neural basis of predicting the potential outcomes of planned actions. Program No. 930.04. 2011 Neuroscience Meeting Planner. Washington, DC: Society for Neuroscience. Online.
68. **Brown, JW** (2011) Planning and acting: basal ganglia, thalamus, and laminar frontal cortical interactions. Invited talk presented at Brandeis University. April 29, 2011. Waltham, MA.
69. **Brown, JW** (2011) Executive control of sensemaking – anterior cingulate cortex. Invited talk presented to Raytheon BBN and IARPA. March 7, 2011. Cambridge, MA.
70. **Brown, JW** (2011) Computational neural modeling and neuroimaging of medial prefrontal cortex as an action-outcome predictor. Invited talk given at Computational and Systems Neuroscience (CoSyNe) Workshop. March 1, 2011. Salt Lake City, UT.
71. **Brown, JW** (2011) Executive control of cognitive search. Invited paper presented at the Ernst Strüngmann Forum on Cognitive Search. Feb. 22-26, 2011. Frankfurt, Germany.
72. **Brown, JW** (2010) How the brain detects and avoids risky behavior. Invited talk given to Advance College Project teacher group at Indiana University Bloomington. Oct. 28, 2010.
73. Fukunaga R, Krawitz A, **Brown JW** (2010) Messages driving risky behavior modulate decision-related activity in the anterior cingulate cortex, insula and ventromedial prefrontal cortex. Program No. 503.15. 2010 Neuroscience Meeting Planner. Washington, DC: Society for Neuroscience. Online.
74. Alexander W, **Brown JW** (2010) A computational model of how medial prefrontal cortex learns to predict the value of actions. Program No. 634.2. 2010 Neuroscience Meeting Planner. Washington, DC: Society for Neuroscience. Online.
75. Krawitz A, Braver T, Barch D, **Brown JW** (2010) Impaired error-likelihood prediction in medial prefrontal cortex in schizophrenia. Program No. 831.5. 2010 Neuroscience Meeting Planner. Washington, DC: Society for Neuroscience. Online.
76. Alexander WH, **Brown JW** (2010) Discounting time and probability by reward perception. Poster at the Society for Neuroeconomics annual conference. Evanston, IL.
77. Alexander WH, **Brown JW** (2010) Medial prefrontal cortex learns to predict the outcome of actions. Poster presented at conference on motivational and cognitive control, June 2010, Oxford, England.
78. **Brown JW** (2010) Cognitive neuroscience and neuromarketing. Invited talk to IU Kelley School of Business, Jan. 22, 2010
79. **Brown JW**, Nee DE, Kastner S (2009) Medial prefrontal cortex shows a regional gradient of monitoring and control functions consistent with a role in outcome prediction. Program No. 93.2. 2009 Neuroscience Meeting Planner. Washington, DC: Society for Neuroscience. Online.
80. Forster S, **Brown JW** (2009) Violations of temporal expectancy activate discrete regions of medial prefrontal cortex in risk-averse and risk-seeking individuals. Program No. 93.1. 2009 Neuroscience Meeting Planner. Washington, DC: Society for Neuroscience. Online.
81. Fukunaga R, **Brown JW** (2009) Informative messages against risky behavior show differential risk-aversion related activity in substance-dependent compared to healthy individuals. Program No. 93.3. 2009 Neuroscience Meeting Planner. Washington, DC: Society for Neuroscience. Online.
82. **Brown JW** (2009) Computational neural models of risk. Invited talk. *AFOSR Joint Program Review – Cognition and Decision Program and Human-System Interface Program*. Jan 28-30, 2009, Arlington, VA
83. Alexander WH, **Brown JW** (2008) A computational neural model of learned response-outcome predictions by anterior cingulate cortex. Program No. 682.21. 2008 Neuroscience Meeting Planner. Washington, DC: Society for Neuroscience. Online.

84. **Brown JW**, Finn PR (2008) Error likelihood and error consequence prediction effects are inverted in the anterior cingulate cortex of substance abusers. Program No. 682.19. 2008 Neuroscience Meeting Planner. Washington, DC: Society for Neuroscience. Online.

CURRENT GRANTS

- Noninvasive deep neurostimulation treatment for addiction. **IU Addiction Grand Challenge grant.** 10/1/2018-2/28/2023. \$464,755 direct costs. PI: Joshua Brown

COMPLETED GRANTS

- Neural mechanisms of addictive drug-taking decisions. **NIH/NIDA R21 DA040773.** Funded 2/1/2017-1/31/2019. \$275,000 direct costs. PI: Joshua Brown
- Functional neuroimaging of e-cigarette use decisions. **Indiana Clinical Translational Sciences Institute.** Funded 9/1/2014-8/31/2016. \$10,000 direct costs. PI: Joshua Brown
- Effect of exposure to graphic cigarette warning labels on nicotine intake. **Indiana University Office of the Vice President for Research.** \$1847 direct costs. Co-PIs: Joshua Brown & Jon Macy
- The Use of a Gratitude Writing Intervention With Psychotherapy for Outpatient Clients: Examining Neural Correlates and Psychosocial Mechanisms. **John Templeton Foundation.** Funded 9/1/2012-7/31/2014. \$199,998 total costs. Co-PIs: Joshua Brown and Joel Wong
- Integrated Cognitive Architectures for Understanding Sensemaking (ICArUS), Subcontract from Raytheon BBN. **IARPA Sensemaking Program**, funded 1/1/2011- 6/5/2014. \$635,016 total costs. PI: Joshua Brown (subcontract)
- Integrative predoctoral training in drug abuse research, **NIH NIDA T32 Training Grant.** PI: George Rebec. Role: Co-investigator
- Functional neuroimaging of addictive drug-taking. **Indiana CTSI Core Pilot grant.** Funded 1/1/2011-6/30/2013. \$9,880 total costs. PI: Joshua Brown

- Neural mechanisms of risky behavior avoidance **NIH NIDA** R01 DA026457, funded 8/1/2009-7/31/2012. \$683,736 total costs. PI: Joshua Brown
- Integrated functional neuroimaging and quantitative genomics of cognition. **IU Faculty Research Support Program** Funded 6/23/09-6/22/10. \$74,587 total costs. PI: Joshua Brown
- Computational Neural Models of Risk, **AFOSR** Funded 6/1/07-11/30/09. \$197,722 total direct costs. PI: Joshua Brown
- Modeling in Cognition, **NIH NIMH** T32 Training Grant. PI: James Townsend. Role: Co-investigator
- Neural Mechanisms of Learned Self-Monitoring, **NARSAD** Young Investigator Award, funded 2005-2008, \$59,950 total direct costs. PI: Joshua Brown
- Neural Mechanisms of Risk Aversion, **NIH NIDA** R03 DA023462 I/START, funded 5/1/07-4/30/09. \$150,000 total direct costs. PI: Joshua Brown. Priority Score: 135
- Neural Network Simulations of Cognitive Control and Motivational Factors, **Office of Naval Research**, funded 2003-2006, \$301,823 total direct costs. PI: Todd Braver, Role: Co-Investigator

TEACHING

- **2021-2022: Indiana University** – Brain and cognition (Q301), Neural networks and the brain (Q355/Q590)
- **2020-2021: Indiana University** – Brain and cognition (Q301), Decision-making and the brain (P453)
- **2019-2020: Indiana University** – Brain and cognition (Q301), Neural networks and the brain (Q355), Decision-making and the brain (P453)
- **2018-2019: Indiana University** – Neural networks and the brain (Q355)
- **2017-2018: Indiana University** – Brain and cognition (Q301), Decision-making and the brain (P453)
- **2016-2017: Indiana University** – Brain and cognition (Q301), Decision-making and the brain (P453)
- **2015-2016: Indiana University** – Computational Neural Modeling Methods (P657), Brain and cognition (Q301), Decision-making and the brain (P453)
- **2014-2015: Indiana University** – Brain and cognition (Q301)
- **2013-2014: Indiana University** – Brain and cognition (Q301), Decision-making and the brain (P453)
- **2012-2013: Indiana University** – Computational Cognitive Neuroscience Methods (P657)
- **2011-2012: Indiana University** – Brain and cognition (Q301), Decision-making and the brain (P453)
- **2010-2011: Indiana University** – Brain and cognition (Q301), Decision-making and the brain (P453)
- **2009-2010: Indiana University** – Brain and cognition (Q301), Decision-making and the brain (P453)
- **2008-2009: Indiana University** – Brain and cognition (Q301), Decision-making and the brain (P357)
- **2007-2008: Indiana University** – Brain and cognition (Q301), Decision-making and the brain (P357)
- **2006-2007: Indiana University** – Graduate seminar in cognitive control (P657); Brain and cognition (Q301), Brain and decision-making (P402)
- **2004, 2005: Guest Lecturer, Washington University in St. Louis** – Bdvanced cognitive, computational, and systems neuroscience (CCSN) graduate course.
- **2002: Adjunct Professor of Psychology, Washington University in St. Louis** – Undergraduate Biological Psychology (Psych 3401).

TRAINEES

- **Research Scientist:** Tim Bogg (2008-2011), Leslie Hulvershorn (2010-2014), Justin Fine (2019-2021)
- **Postdoctoral:** Adam Krawitz (2007-2010) Will Alexander (2007-2013), Derek Nee (2008-2012), Anand Ramamoorthy (2013-2014)
- **Graduate student advisees:** Rena Fukunaga (2007-2013, committee chair), Rima Hanania (2007-2008), George Chadderdon (2007-2009), Ryan Jessup (2007-2011), Woo-Young Ahn (2007-2012), Olga Rass (2008-2012), Molly Erickson (2008-2012), Arian Ashourvan (2007-2012), Sarah Forster (2008-2015, committee co-chair), Indrani Sarkar (2010), Andy Jahn (2010-2015, committee chair), Noah Zarr (2012-2018, committee chair), Steve Green (2011-2014), Rui Cao (2013-2018), Adrian Barr (2014-2018, committee chair), John Purcell (2016-present, committee member), Nancy Lundin (2016-present, committee member), Huzi Cheng (2018-present, committee chair), Priyamvada Modak (2019-present)
- **Undergraduate independent study advisees:** Sharday Summers (P493, Fall 2007), Kierstin Johnson (P493, Fall 2008), Ian Kaelble (IU STARS, Fall 2008-2012), Julie Ghekas (Summer 2009), Isaiah Innis (Summer, Fall 2011), Prathik Kini (IU STARS, Fall 2011-Spring 2015), Christian Hutslar (Cox Scholar, Fall 2014-present), Robert Gevers (2019-2020), Brayden Colón (2021-present)

AWARDS AND HONORS

- Fellow, Association for Psychological Science (2015)
- Indiana University Outstanding Junior Faculty Award (2011)
- NARSAD Sidney R. Baer, Jr. Foundation Young Investigator (2005, 2006)
- Boston University Presidential University Graduate Fellow (1996-2000)
- NSF Graduate Fellowship Honorable Mention (1996,1997)
- Phi Beta Kappa (1996)
- Summa Cum Laude distinction, ranked top 2 in graduating class (1996)
- School of Engineering John E. Starrett Memorial Scholarship (1996)
- Highest GPA in graduating engineering class (1996)
- UCSD Regents Scholar (1993-6)
- Rotary Foundation Ambassadorial Scholar to Edinburgh, Scotland (1994-5)
- SAIC Corporation Summer Research Fellow (1994)
- State of California Robert C. Byrd Fellow (1991-2)
- National Merit Scholarship Commended Student (1991)

PROFESSIONAL SERVICE

- **Editorial board:** Cognitive, Affective, & Behavioral Neuroscience (2015-), Cognitive Science (2015-), Topics in Cognitive Science (2021-)
- **Ad-hoc journal reviews:** *Science, Psychological Review; Proc. Natl. Acad. Sci., Neuron; Journal of Neuroscience; Cerebral Cortex; Neuroimage, Journal of Cognitive Neuroscience; Neural Networks; Psychonomic Bulletin & Review; Vision Research; Biol. Psychiatry; Neuroscience Letters, Phil. Trans. Royal Soc. B; European Journal of Neuroscience; IEE Science, Measurement, and Technology; Biosystems; Psycholoquy; Trends Cog. Sci, Cogn, Aff., Behav. Neurosci.*
- **Grant reviews:** NSF BCS (panel, Spring 2006); AFOSR Decision-making (ad-hoc, Fall 2006); Indiana CTSI (Spring 2010; Spring 2011; Fall 2014), NIH (Spring 2012; Fall 2018)
